(Page 1047 of Journal)

SENATOR CARPENTER: Mr. President, there was an error when the first amendment of mine was adopted, in that they put back in the amendment the substance of Senator Burbach's bill, which had to do with the weight limitations regulation on frozen ground. I had no intention of doing that. It was there by accident. I'm only attempting to take out of this bill the reason that the other bill was killed. And I move for the adoption of the amendment. This is all it does is take out the matter that shouldn't have been in there in the first place.

PRESIDENT: Is there further discussion. Senator Schmit. Is there further discussion of the Carpenter amendment on 921 on Select File. Any further discussion. Question is, if you want to adopt the amendment. All those in favor of the Carpenter amendment to 921 on Select File, vote aye. All those opposed vote no. This is voting to adopt the Carpenter amendment. Strike certain matter to LB921 on select file, and the motion still requires 25 votes. Senator Carpenter's motion is to strike certain matter on Select File to LB921. Have you all voted.. Thank you Clerk will record.
